TEN YEARS.....

A lot can happen in ten years
As all of us well know
But what about each classmate?
From that Friday in June
Sixty-three was the year.
To this night at the Camelot
We're happy that you are here.
As you browse through these pages
Renewing friendships of the past,
Think about our high school days
And how quickly they have passed.

Remember back to our Freshie days
When all of us were meek?
But how quickly, as Sophomores,
More glory we did we seek.
Then we all were Juniors
What a gala time we had,
At last we reached our Senior year
With everyone so glad.
After graduation
Our separate paths we took,
But once again we're reunited
By the pages of this book!
